

Delta Dental program update

Starting Jan 1, 2023, your Delta Dental plan from IBEW-NECA is changing. The reimbursement rate for out-of-network dentists has been lowered. This means that your out-of-pocket costs may be higher when you visit a non-Delta Dental dentist because dentists who don't have contracts with Delta Dental may charge higher rates for the same procedures.

By staying in-network and visiting a Delta Dental PPO™ or Delta Dental Premier® dentist, you won't get charged more than your expected share of the bill. You can save the most by visiting a Delta Dental PPO provider. To find a Delta Dental dentist near you, please visit deltadentalins.com.

You pay less for a metal and porcelain crown with PPO¹
