RE: Hearing Aid Benefit Coverage Improved Effective 4/1/2022

Dear Participant:

The Plan's Hearing Aid coverage was improved. Beginning 4/1/22 the maximum benefit for hearing aid has increased to \$2,500 per hearing aid. This is limited to two hearing aids per eligible individual in a 5 calendar year period after the overall deductible amount has been met.

Delta Dental and VSP provide discounts for hearing aids. Please see the attached flyers for more information.

Sincerely,

Board of Trustees
